Having a healthy smile is the signature of wellness. Men and women with sparkling smiles usually also have energy in their step, an inviting glow in their eyes and self-confidence to spare. Those who have one realize they possess an invaluable asset; those without one often don't realize how quick and easy it can be to achieve a dream.

## Teeth in a Day™

Dental implant research has made it possible for virtually anyone to experience a total smile makeover, so **if you have been told you are not a candidate for dental implants, we have your solution.**

The Pi team's exclusive Teeth in a Day™ care package is the most comfortable, compassionate, and customized dental restoration available. Board certified prosthodontists and a seasoned, multi-lingual support staff thrive on building extraordinary smiles that shine for a lifetime. No more cavities!

## Change Your Life!

**Put your money where your mouth is.** Quite literally, a smile is one investment that will never diminish. It will continue to richly enhance life, health, and wealth of spirit. Today's superior materials and our precision technology make quality smile care at the Pi Dental Center surprisingly attainable and affordable.
